Assembly Instructions for Northern Rig Hanging Light (UA0600- HL)

Installation Instructions:

- 1. Open the eye bolts slightly to slip the cables off.
- 2. Screw the eye bolts into wood blocking above the ceiling with spacing that aligns with the eye bolts on the fixture.
- 3. Slip the cables back onto the eye bolts and squeeze the eye bolt closed.
- 4. With the power off, make the wiring connections in the junction box as required by code.
- 5. Attach the cover plate over the junction box.
