[gloss or matte]

 STBL
Statuary Black
[gloss or matte]

- Notes:
- Color images may portray color and tone inaccurately.
 - Brown Patina is an interior finish, not to be used outside.
 - Rose Gold and Black Nickel [gloss or matte] are now available. Please call for pricing.
 - Our metal finishes are living finishes and will change over time.
 - Although regular maintenance will prolong the original appearance, this will not guarantee that the finish will remain unchanged over time.
 - Our finishes will not rust. Additional custom finishes are available. Durabrass not available.
-
- Due to changes by the EPA regarding electroplating, chrome in particular, we need to increase our chrome pricing.
 - Maximum length for chrome parts are shorter than they are for nickel parts.
 - One Madison and Lenox Medicine Cabinets: It is difficult to get chrome plating to flow into inside corners of 90° angles. A touch of brass may be visible on the inside corner.
 - Lenox Medicine Cabinets: The inside of a chrome Lenox Medicine Cabinet door is always nickel. A 1/8" w frame in polished nickel is not noticeable.
