

Assembly Instructions for Northern Rig Hanging Light (UA0600- HL)

Installation Instructions:

1. Open the eye bolts slightly to slip the cables off.
2. Screw the eye bolts into wood blocking above the ceiling with spacing that aligns with the eye bolts on the fixture.
3. Slip the cables back onto the eye bolts and squeeze the eye bolt closed.
4. With the power off, make the wiring connections in the junction box as required by code.
5. Attach the cover plate over the junction box.
