

French Drafting Table

ca 1910

steel and cast iron

This drafting table was an early industrial design, fabricated from cast iron and steel with a wooden top. It has been fully restored and its new acrylic top is adjustable in height by use of counter balance weights and rotates by mechanical adjustments. The base incorporates three storage compartments; an open shelf, a drawer that swivels out and another that tilts out. Old wood top is available at no additional charge.

Acrylic Top: 3'-7" h x 5'-5" w

Base: 1'-11" dia.

Item# UA0194 SV

\$19,500
