

BRONZE MIRROR

(FROM; NEW YORK, NY)

This impressive mirror of green patina bronze dates from circa 1900. Echoing classical style, the mirror is bolstered on each side with a column and is crowned with a capital. The frame casting hosts an elaborate intertwined array of urns, serpentine, and foliage. It stands 124" high and 84" at its widest point, with a projection of 12" at the crown.

Approximate weight 350 lbs.
