

GIO PONTI CHANDELIER

This sculptural chandelier was designed and created by Urban Archaeology using glass created by Gio Ponti for the Alitalia Showroom on Fifth Avenue in New York City. Each of the 41 glass cubes are individually hung on slender metal rods from a natural steel plate. As shown, this fixture measures 24" x 24" and has an overall drop of 36". It uses 4 glow lamps and is UL listed for DAMP locations. This fixture is available in many of our metal finishes and can be custom manufactured to your specifications. Please inquire about pricing.

REF# UA65 SV \$17,500 (as shown) Additional Cubes \$475 ea
