

Vintage Double Prismatic Industrial Pendant

These vintage lights were salvaged from New York City's Idlewild Airport, since renamed JFK. They are available with their original metal shade covers and sold as is. The shades are cast prismatic glass; glass that exquisitely diffuses light. Today, this style of classic utilitarian design is sought after for many types of interiors, especially kitchens.

20 available.

26.5"w x 13.5"d x 16"h
