Caution:
Turn off power a main electrical box before installation.

Parts

- A. Canopy
- B. Curved Glass
- C. Base
- D. Finial

Glass Assembly

Prepare the parts. Keep the main fixture covered to prevent scratches.

1. Unwrap the main fixture and the curved glass sides (B).
2. Unscrew the finial (D) and remove the base. (Fig.1-2).
3. Unscrew glass support from (1) and loosen the screws in the other side (2). (Fig.3-4)

Fig.2

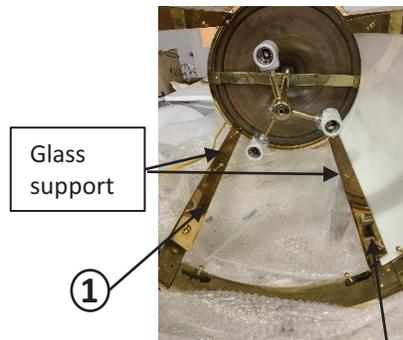

Fig.3

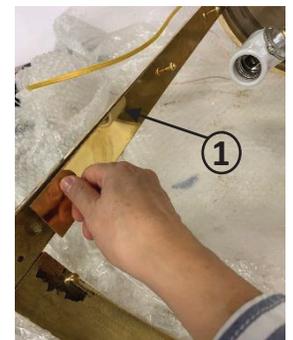

Fig.4

4. Slightly flex the glass support (2) and slide the curve glass (B) into the glass support. (2) (Fig.4)

Slightly tighten the glass support (2) then replace the glass support previously removed (1) (Fig.5).

Slightly tighten to allow for the next curve glass.

5. Repeat the same sequence with the next piece of curved glass (B) until you have installed the last curved glass. Securely fasten, firmly but not over tight (it can break the glass) all the glass supports.

6. Install the bulbs and then put back the base (C) (Fig.6) and screw the finial (D) to secure it (Fig.7).
